

International Association of Machinists endorses Brad Sherman

Another major labor union has endorsed Congressman Brad Sherman, the International Association of Machinists and Aerospace Workers (IAM).

IAM, District Lodge 725, represents 16,000 retired and active workers in California primarily in the Aerospace and Defense industries.

Gary Holt, President and Directing Business Representative for IAM District Lodge 725 stated:

"We need members of Congress who will stand up to the powerful interests and fight to keep and create good middle class jobs. Brad Sherman has led the fight to stop the bailouts of the big banks and to protect working families. That's why we are enthusiastically endorsing Brad Sherman for Congress."

"The skilled and dedicated workers represented by the International Association of Machinists have built California into an international economic powerhouse," said Congressman Sherman. "We need to make it our top priority to create the good jobs here in California that allow working families to enjoy a middle class lifestyle and realize the American Dream."

The IAM joins recent endorsements by the Teamsters, Painters and Allied Trades and California Association of Professional Employees in endorsing Brad Sherman.
